What's your DREAM? The big one ... (or ones). What do you really want to accomplish with your time on the planet? What do you already know about your DHARMA (life purpose)?

What do you want your future life to look like?

What are your strengths and best qualities?

Which qualities need further development?

What are you most looking forward to in this process?

What are you apprehensive about?

Are there any big health or personal struggles that may be relevant?

Are you ready??
